## PROFILE

A current A Levels student with a growing interest in computer science, programming, web development, and modern digital products. I enjoy understanding how things work, experimenting with new technologies, and turning ideas into polished, functional web experiences.

## EDUCATION

### A Levels

Divisional Model College Faisalabad

Current

### O Levels

Divisional Model College Faisalabad

Completed

## TECHNOLOGIES & SKILLS

**Web:** HTML, CSS, JavaScript, React, Next.js   **Programming:** Python   **Tools:** Git, GitHub

**Working interests:** responsive web design, UI/interaction design, motion, component-based interfaces, and problem solving.

## SELECTED BUILDS

- **Personal Portfolio Website** - responsive portfolio focused on refined visual design, liquid-glass surfaces, interactive motion, and cross-device polish.
- **MediaSnap** - an ongoing web-based media utility concept exploring a clean interface for supported online media conversion workflows.

## PROGRAMS & PARTICIPATION

- **Leadership Summer Camp, Cadet College Hasanabdal (2024)** - participant; a 15-day leadership-focused camp involving teamwork, community service, innovation activities, and personal development.
- **TCF Summer Camp (2025)** - participation in The Citizens Foundation summer camp program; a two-week volunteer experience centered on supporting children through educational activities.

## CURRENT FOCUS

- Building stronger foundations in computer science and modern frontend development.
- Learning through real projects and iterative experimentation.
- Exploring the intersection of technology, interaction, and visual design.

## NOTE

This CV is a temporary current-profile snapshot and will be updated as education, projects, certifications, and experience develop.
